

SPRINGFIELD PUBLIC SCHOOL

• LEARN • ACHIEVE • SUCCEED

Dear Students

Have a great winter vacation!! Despite the cold winter time is fun and comes with its share of excitement. We would like to remind you that this time is also an opportunity to explore your interests and build your skills and talents.

Your aim should be to “Make Yourself” a sensible, creative and sincere person who is always ready to make efforts for the betterment of society.

A word to parents

Parenthood is a beautiful blessing. With this blessing, also comes responsibility. With your support, we teach your child the importance of education and learning. However, your role in your child’s future is the most important one. Accept their imperfections and allow them to learn, develop and transform. As parents, it is important to invest your time with them now and never forget that you are doing an excellent job as a parent.

- Encourage your child’s creative skills and interests in addition to his/her education at school.**
- Children may not listen to what you say but will eventually always try to imitate your behaviour.**
- Help your child cultivate a healthy self-image by implanting a positive mind set in him/her that he/she is lovable, capable and unique.**
- Tell your child about your childhood days and the way people used to live in those days. Also tell him/her about your grandparents and parents.**

**Regards
Principal**

“ Reading is essential for those who seek to rise above the ordinary”

So, Dear Children, make the habit of book reading to develop your imaginative and creative skills.

Activity

“Generosity is nothing but the habit of giving”

Blessed are those who are generous and believe in the joy of giving and sharing

Dear children enjoy this wonderful experience during your winter vacation. Try to help the poor and the needy by donating/ helping them whatever you can, may be with your old warm clothes, toys, books or anything that would satisfy the need of the others. Experience it and write a paragraph in your scrap file about your experience of sharing your kindness and concern and the happiness you gained.

Paste pictures related to it.

A doctor is a person with extensive knowledge in the domain of medical science, who applies and dedicates his knowledge to identify the medical problem faced by the patient and then uses his skill to prevent or cure it. Thus, doctors play significant role in our life.
